Version control:

- GIT
- GitHub
- Bitbucket

Databases:

- MySQL
- PostgreSQL
- MongoDB

Cloud:

- AWS
- Railway
- Azure

Third party api:

- Twilio
- Stripe
- QuickBooks

EXPERIENCIA PROFESIONAL

02/2025 – now
Mexico

Medium Coders - Colombia/Ecuador,

Backend developer,

Tasks and achievements:

- Development of robust and scalable **REST APIs** using **Spring Framework**.
- Design and implementation of **MVC architectures**, **Clean Architecture**, and application of **SOLID principles** to ensure maintainable and loosely coupled code.
- Integration with **traditional banking systems** and **payment gateways**, ensuring secure and reliable transactions.
- Source code version control using **Git** and **Bitbucket**, following best practices for branching strategies and code reviews.
- Efficient design and implementation of **MySQL** and **PostgreSQL** databases, managing schema migrations across environments with **Flyway** and **Liquibase**.
- Use of **AWS services** such as **Amazon S3** (file storage and management), **Amazon SNS** (asynchronous messaging and notifications), and **Amazon SQS** (processing queues and service decoupling).
- Continuous collaboration with **cross-functional teams**.

Zyrcled Social Group - Spain,

Backend developer,

Tasks and achievements:

- Design and implementation of the **entire infrastructure** for a **social network / online dating platform**.
- Development of a **microservices-based backend**, focused on **high availability** and **handling large volumes of data**.
- Creation and maintenance of multiple services using **Spring Boot**, **MongoDB**, **API Gateways**, **Jenkins**, **Vault**, **RabbitMQ**, and **Kafka**.
- Integration with third-party platforms and services such as **Algolia**, **Eureka**, and **Google ecosystem solutions** including **Firebase**, **Cloud Vision**, **Video Intelligence**, and **Gemini**.
- Requirement's analysis and translation of business needs into **solid technical designs and scalable solutions**.
- Development under the **SCRUM** methodology, using
